

Wildfire BlueBar® Series

400nm LED Black Light Fixtures

The BlueBar UV LED Lighting Series from Wildfire features 3W 400nm UV LED's, universal voltage operation and polished Everbrite reflectors for improved versatility and performance. BlueBar UV LED Lighting is designed to be a cost effective solution for visible fluorescent materials, when you don't need the output, controllability and light quality of Wildfire's VioStorm 365nm UV LED Lighting Series.

Features:

- Powerful 3W 400nm LED's
- Polished Everbrite Reflectors
- Universal Voltage Power Input
- Maintenance Free Operation
- Heavy Gauge Vented Steel Construction
- Adjustable Mounting Brackets

Specifications:

Housing:	Rolled steel
Finish:	Flat black powder coat
Mounting:	Two fully adjustable L brackets
Reflector:	Polished Everbrite aluminum
Input Voltage:	100-240VAC
Frequency:	50-60Hz.
Input Current:	BB-30: .3A max BB-60: .6A max
Power Consumption:	BB-30: 25W BB-60: 54W
Operating Temperature:	40°-105° F
Operating Humidity:	0-95% non-condensing
Light Source:	BB-30: Nine 3W, 400nm UV LED emitters BB-60: Eighteen 3W, 400nm UV LED emitters
Lens:	Clear UVT Acrylic
Power Cord:	6' 16/3 SOW with male Edison
Circuit Protection:	User Serviceable 2A Fuse
Weight:	BB-30: 5.51 lbs. / 2.50 kg. BB-60: 9.92 lbs. / 4.50 kg.
IP Rating:	IP-20 Indoor Use
Warranty:	One year parts & labor

Standard Equipment:

2 Adjustable L Brackets

Optional Accessories:

147-021	Truss Clamp
147-002	Safety Cable
147-003	T-Bar Ceiling Attachment
147-006	Floor Stand Kit
